SUMMARY

Full stack web developer looking to make my mark on the web. Detail-oriented and addicted to problem-solving. Background in beer and food production with a passion for creating the best possible product without sacrificing efficiency or consistency. Always seeking opportunities to hone my skills in JavaScript, CSS and HTML.

TECHNICAL SKILLS

Languages: Javascript , HTML, CSS
Applications: GitHub, Bootstrap, Node.js

PROJECTS

moovie.pro | github.com/busy-boys/movie-master |
- Moovie.pro is a film search engine for comparing movie data.
- I collaborated on the HTML skeleton of the application, as well as the CSS styling. I wrote the JavaScript needed to access the financial information of searched movies, as well as the code needed to calculate the budget and revenue information after being adjusted for inflation. I also accessed the API used to locate streaming services.
- HTML, CSS, JavaScript, Bulma, GitHub

EXPERIENCE

Kitchen Supervisor 2019 – 2021
Greenhorns Bar   Perth, WA
Responsible for maintaining high standards for food production and restaurant cleanliness, managing inventory, and leading a small culinary team.
- Maintained proper inventory and hit every benchmark set by management despite difficult circumstances (i.e. Covid)
- Kept low employee turnover in an industry where that is not commonplace

Brewery Labourer   2017-2019
Whitetooth Brewery   Golden, BC
Responsible for maintaining high standards for beer production. This included quality assurance by way of tasting and various technical tests (including pH, specific gravity). Also responsible for proper maintenance of brewing equipment, including fermentation and bright tanks as well as a bottling line.

EDUCATION

Full Stack Web Development Certificate: University of Western Australia, Perth, WA
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
